

YOUR VALUES

Guidance for your art, for your career, and for your life

Your **values** define, to an extent, who you are, and how you will relate to the world around you and the people in it. It's important to know what your values are as this will inform your decisions as an artist, enterprising entrepreneur, and as an individual who can make more informed and self-honoring decisions, based on what you value.

Values List

Your beliefs become your thoughts. Your thoughts become your words. Your words become your actions. Your actions become your habits. Your habits become your values. Your values become your destiny. ~Mahatma Gandhi
